13
14 **Section 1.** Section 20-9-141, MCA, is amended to read:

15 **"20-9-141. Computation of general fund net levy requirement by county superintendent.** (1) The
16 county superintendent shall compute the levy requirement for each district's general fund on the basis of the
17 following procedure:

18 (a) Determine the funding required for the district's final general fund budget less the sum of direct state
19 aid and the special education allowable cost payment for the district by totaling:

20 (i) the district's nonisolated school BASE budget requirement to be met by a district levy as provided in
21 20-9-303; and

22 (ii) any general fund budget amount adopted by the trustees of the district under the provisions of
23 20-9-308 and 20-9-353, ~~including any additional funding for a general fund budget that exceeds the maximum~~
24 ~~general fund budget.~~

25 (b) Determine the money available for the reduction of the property tax on the district for the general fund
26 by totaling:

27 (i) the general fund balance reappropriated, as established under the provisions of 20-9-104;
28 (ii) amounts received in the last fiscal year for which revenue reporting was required for each of the
29 following:

30 (A) interest earned by the investment of general fund cash in accordance with the provisions of

1 20-9-213(4); and

4 (iii) anticipated oil and natural gas production taxes;

5 (iv) pursuant to subsection (4), anticipated revenue from coal gross proceeds under 15-23-703; and

6 (v) school district block grants distributed under 20-9-630.

7 (c) Notwithstanding the provisions of subsection (2), subtract the money available to reduce the property
8 tax required to finance the general fund that has been determined in subsection (1)(b) from any general fund
9 budget amount adopted by the trustees of the district, up to the BASE budget amount, to determine the general
10 fund BASE budget levy requirement.

11 (d) Determine the sum of any amount remaining after the determination in subsection (1)(c) and any
12 tuition payments for out-of-district pupils to be received under the provisions of 20-5-320 through 20-5-324, except
13 the amount of tuition received for a pupil who is a child with a disability in excess of the amount received for a
14 pupil without disabilities, as calculated under 20-5-323(2).

15 (e) Subtract the amount determined in subsection (1)(d) from any additional funding requirement to be
16 met by an over-BASE budget amount, a district levy as provided in 20-9-303, and any additional financing as
17 provided in 20-9-353 to determine any additional general fund levy requirements.

18 (2) The county superintendent shall calculate the number of mills to be levied on the taxable property
19 in the district to finance the general fund levy requirement for any amount that does not exceed the BASE budget
20 amount for the district by dividing the amount determined in subsection (1)(c) by the sum of:

21 (a) the amount of guaranteed tax base aid that the district will receive for each mill levied, as certified
22 by the superintendent of public instruction; and

23 (b) the current total taxable valuation of the district, as certified by the department of revenue under
24 15-10-202, divided by 1,000.

25 (3) The net general fund levy requirement determined in subsections (1)(c) and (1)(d) must be reported
26 to the county commissioners on the fourth Monday of August by the county superintendent as the general fund
27 net levy requirement for the district, and a levy must be set by the county commissioners in accordance with
28 20-9-142.

29 (4) For each school district, the department of revenue shall calculate and report to the county
30 superintendent the amount of revenue anticipated for the ensuing fiscal year from revenue from coal gross
